Jim Michaels

- \$43.36 Removal of Viruses/spyware
- \$43.36+software Upgrade Windows
- \$43.36/hr Software Install/Reinstall
- \$130.08 Windows Install/Repair/Reformat (install service packs, drivers, updates, any software you have - bring it)
- \$43.36 Install & configure virtual web server for web development/testing
- \$43.36 Install a popular flavor of Linux (Ubuntu, Mint, Fedora, OpenSUSE)
- setup a network (bring everything, even modem and ISP welcome letters)
- I refer media scratch repairs to <http://keepitplaying.com> - They do a great job, costs \$3-6 and they have excellent equipment. I have equipment, it does a lesser job, \$2.17/side.
- I am an OEM and a Community Distributor for the MS Office-compatible OpenOffice.org, I can install (free) and provide a cd/DVD set of software to you with about 70 applications (mostly Open Source). 4-DVD or 2-CD set is \$10.84/disc. (Win/Mac)
- GIMP Massive Package (Paint/Photo program) on a CD for \$10.84 (Win/Mac), has a LOT of GIMP plugins, Win installer.

Call for appointment. This is an in-home office.

Please park on 13th St (2 spots), avoid 14th St.

Some problems can be solved over the phone

free estimate and diagnostics upon request
